**Re: Docket No. 51870; Forest Glen Utility Company's Application for CCN
Amendment**

Dear Kevin:

Per our discussion with PUC Staff, Forest Glen Utility Company is providing the enclosed location, facilities and general location maps from the original application, as well as a map of the Ruth Steinle property located outside of the requested 185-acre new CCN area. As we discussed, although the application specifically requested the addition of 185 acres, the SHP files inadvertently included Ms. Steinle's property when filed in March. The attached SHP files confirm that Ms. Steinle's property is **not** intended to be included in the pending application.

We apologize for the confusion and any inconvenience it caused. Please do not hesitate to contact me if you have any questions.

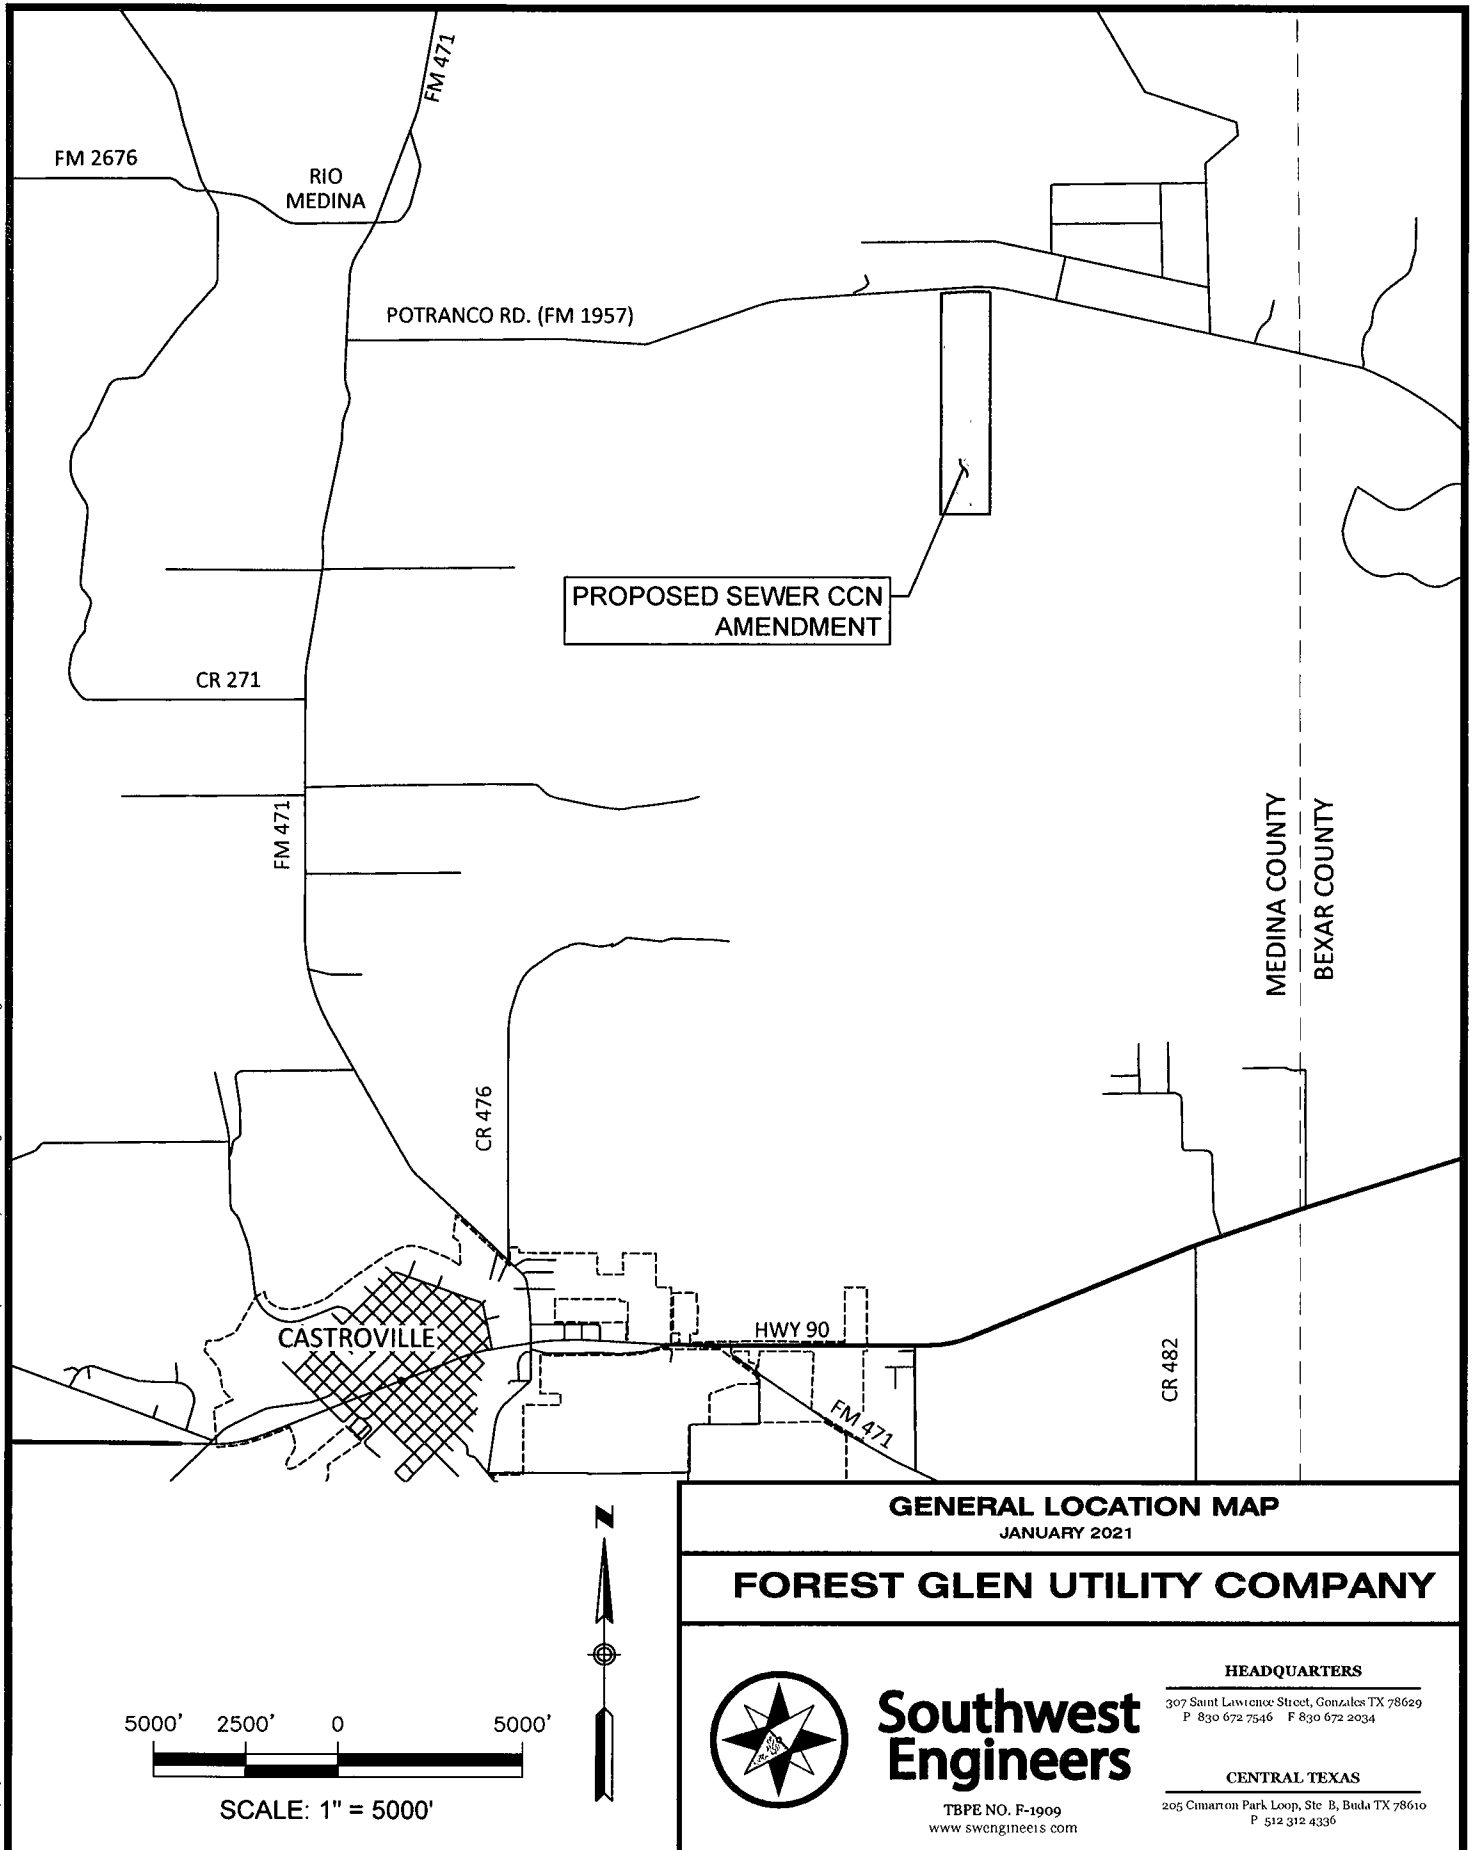

Sincerely,

Randall B. Wilburn
