I received a notice in the mail concerning the application for Forest Glen Utility Company to Amend a Certificate of Convenience and Necessity (CCN) to provide sewer utility service in Medina County, Texas. This notice of application is filed as docket no. 51870.

In accordance with the notice, I respectfully request to intervene in the proceeding and therefore formally request a public hearing be scheduled. If a formal public hearing is granted, evidence can be presented that address specific concerns regarding the filed request to amend the CCN No. 21070, by Forest Glen Utility.

Very respectfully,

Carlos & Theresa Gartin
