I received a notice in the mail concerning the application for Forest Glen Utility Company to Amend a Certificate of Convenience and Necessity (CCN) to provide sewer utility service in Medina County, Texas. This notice of application is filed as docket no. 51870.

In accordance with the notice, I respectfully request to intervene in the proceeding and therefore formally request a public hearing be scheduled. If a formal public hearing is granted, evidence can be presented that address specific concerns regarding the filed request to amend the CCN No. 21070, by Forest Glen Utility.

Very respectfully,

Sandra Gonzalez
