DOCKET NO. 51872

APPLICATION OF THE CITY OF	§	PUBLIC UTILITY COMMISSION
WOODWAY TO AMEND ITS	§	2021 JUN 28 TH 3 50
CERTIFICATE OF CONVENIENCE	§	OFFICE OF TEXAS
AND NECESSITY AND FOR DUAL	§	FILED
CERTIFICATION WITH THE CITY OF	§	
WACO IN MCLENNAN COUNTY	§	

ORDER NO. 4
FINDING APPLICATION ADMINISTRATIVELY INCOMPLETE,
ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE

This Order addresses the administrative completeness of the application of the City of Woodway to amend its water certificate of convenience and necessity and for dual certification with the City of Waco in McLennan County. On June 25, 2021, Commission Staff filed its recommendation.

The administrative law judge (ALJ) continues to find the application administratively incomplete and insufficient for further review in accordance with 16 Texas Administrative Code (TAC) § 24.8(b).

Under 16 TAC § 24.8(d), the Commission does not consider an application filed until it finds the application administratively complete. Thus, at this time the application is not considered filed with the Commission.

By August 9, 2021, the applicant must supplement the application to cure the deficiencies described in Commission Staff's sufficiency recommendation, and the June 25, 2021 memorandum of Jolie Mathis, Utility Engineering Specialist, Infrastructure Division. Until the Commission receives and reviews the supplemental information, the application cannot proceed. The applicant must not issue notice until the application is deemed administratively complete.

By September 9, 2021, Commission Staff must file a supplemental recommendation regarding the administrative completeness of the application, along with a proposed procedural schedule, if appropriate.

Signed at Austin, Texas the 28th day of June 2021.

PUBLIC UTILITY COMMISSION OF TEXAS
