Document Control, Room 8-100  
Austin, Texas 78711

Re: Docket No. 51877, Application of L and T Waterworks LLC and Monarch Utilities I L.P. for Sale, Transfer, or Merger of Facilities and Certificate Rights in Freestone and Henderson Counties

To the Commission:

In response to the staff's August 12 and 13, 2021 informal requests for additional information for the application in the above referenced docket, Monarch provides the following.

There are approximately 54 active or locked (temporary inactive) customer meters in the Athens system service area to be transferred from L and T to Monarch.

There are approximately 79 active or locked customer meters in the Moody system to be transferred from L & T to Monarch. The breakdown is as follows:

- Eight active customers are within the area to be dually certified with Turlington WSC. Reference Polygon Area 5 in maps previously provided in this docket.
- Three active customers are within the area that is to be transferred from South Freestone WSC to Monarch. They are currently customers of L and T. Reference Polygon Area 4 in previously provided maps.
- Two current customers of L & T are in the new, previously uncertificated areas that are to be added to the Monarch CCN. Reference Polygon Areas 1 in previously provided maps.
- The remaining 66 meters are within the area of CCN 12919 to be transferred to Monarch. Reference Polygon Area 3 in previously provided maps.

I hope this information is helpful and our application can continue to be processed in a timely manner. However, please let me know if any additional information is needed at this time.

Sincerely,

*/s/ George Freitag*
