Austin, Texas 78711-3326

Re: Docket 51904– Application of Monarch Utilities I L.P. to Amend Its Water and Sewer Certificates of Convenience and Necessity in Harris and Liberty Counties

To the Commission:

Order No. 8 in this docket established April 6 as the deadline for Commission Staff to provide tariffs to Monarch for review and consent. Staff did not meet this deadline. Monarch requested an extension to the procedural schedule, which was granted in Order No. 9, which established May 5 as the deadline for Staff to provide tariffs to Monarch for review and consent. Again, Staff failed to meet this deadline, which caused Monarch to file a letter to the ALJ requesting the issue be addressed. Order No. 10 established May 17, 2022 as the new deadline for Commission Staff to provide a tariff to Monarch for review and consent. Additionally, the Order established May 24, 2022 as the new deadline for Monarch to file its signed consent form with the Commission. As of the date of this filing, Monarch has still not received a tariff for review; therefore, Monarch is unable to meet its ordered deadline to file consents.

In order to keep the processing of this application moving along in a timely manner, Monarch requests the most recent approved version of its water and wastewater tariffs be used and updated for issuance in this docket. Monarch has previously submitted red lined versions of both the water and wastewater tariffs it proposes be approved and issued in this docket. Additionally, Monarch notes the same wastewater tariff that the Commission Staff has been ordered to provide in Docket 51904 by May 27, 2022 could also be issued for consent in this docket.

Please contact me if any questions or if additional information is required at this time.

Sincerely,

/s/ *George Freitag*
