Dear Sir or Madam:

In reference to Docket No. 51917, the purchase and transfer of water facilities and service from Rocket Water Company, Inc., Austin, TX, to CSWR-Texas Utility Operating Company, LLC, St. Louis, MO, we strongly oppose this purchase and transfer. We wish to protest this purchase and transfer of our water service to a company located outside of Texas.

We are deeply concerned with this purchase. We disagree with out of state utility companies servicing Texas. Out of state utility companies are not directly knowledgeable of the service needs of their customers that are in Texas. The well-informed local knowledge of the utility service needs of Texans was needed when Texas suffered extreme cold temperatures, and so many Texans had their utilities shut off.

Please consider all the issues involved with the purchase and transfer of this water utility company to a company located outside of Texas. Thank you for considering our opposition and protest of the purchase and transfer of Rocket Water Company, Inc., Austin, TX, to CSWR-Texas Utility Operating Company, LLC, St. Louis, MO.

Sincerely,

Reyes and Tamara Ruiz
