You must send a letter requesting intervention to the commission which is received by that date. The letter must include the person's name, address, email address and fax number if applicable.

If a valid public hearing is requested, the Commission will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, SOAH will submit a recommendation to the Commission for a final decision. An evidentiary hearing is a legal proceeding similar to a civil trial in state district court.

A landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the requested area, may file a written request with the Commission to be excluded from the requested area ("opt out") within (30) days from the date that notice was provided by the Utility. All opt out requests must include a large-scale map, a metes and bounds description of the landowner's tract of land, landowner's name, address, email address and fax number, if applicable

Persons who wish to request this option should file the required documents with the:

Public Utility Commission of Texas  
 Central Records  
 1701 N. Congress, P.O. Box 13326  
 Austin, TX 78711-3326

In addition, the landowner must also send a copy of the opt out request to the Utility. Staff may request additional information regarding your request.
