NOTICE GRANTING MOTION TO ABATE AND ABATING PROCEEDING

This Notice addresses Commission Staff's July 19, 2021 motion to abate the above-styled and numbered application and to file status updates, every month, beginning September 1, 2021, for the reasons described below. Specifically, Commission Staff states that there is some confusion as to the current active entity for this application along with the associated tariff, map, and certificate. Abatement of this case will enable Inline Development Inc. an opportunity to file and complete a sale, transfer, or merger application to transfer certificate of convenience and necessity number 12946 from the now defunct Inline Development Corporation to the active entity, Inline Utilities, LLC.

The administrative law judge grants Commission Staff's motion and abates this docket, pending resolution of a sale, transfer, or merger docket. Beginning September 1, 2021, and continuing monthly thereafter, Commission Staff must file an update regarding the status of abatement in this case.

Signed at Austin, Texas the 22nd day of July 2021.
