This Order addresses the June 8, 2022 joint supplemental motion to admit evidence and proposed Notice of Approval filed by THRC Utility, LLC, CSWR-Texas Utility Operating Company, LLC and Commission Staff. The administrative law judge requires clarifications and responses to the following inquiries:

1. The February 22, 2022 closing documents only address deposits associated with the water system. The parties must clarify if there are any customer deposits associated with the sewer system.
2. The parties must clarify if the sewer tariff that was attached to the proposed Notice of Approval is the same as the one that's currently in effect.
3. The parties must explain how sewer service is going to improve as a result of this transaction, including if any upgrades will be made to the existing system.
4. CSWR-Texas must indicate if they employ the proper sewer system operators.
5. Information included in the application indicates that CSWR-Texas owns and operates 31 water systems. CSWR-Texas must clarify if this number is still correct, or supply the correct number of systems, as well as supply the correct number of sewer systems owned by CSWR-Texas.

On or before July 12, 2022, the parties must submit responses to the above inquiries.
