Application for Critical Load Serving Electric Generation and Cogeneration

CRITICAL LOAD DESIGNATIONS ARE REVIEWED EACH YEAR APRIL 1 FOR SUMMER PEAK and OCTOBER 1 FOR WINTER PEAK

This Application should be completed in order to request the designation of Critical Load Serving Electric Generation and Cogeneration. A separate Application must be submitted to each electric utility provider. Do not include premises served by different electric utilities in a single Application. Multiple premises, served by a single electric utility, may be submitted with a single form, provided that the information requested below is provided for each metered location.

The designation shall only be requested for individual premises (meters) that provide electricity to natural gas production, saltwater disposal wells, processing, storage, or transportation such as a natural gas compressor station, gas control center, or other pipeline transportation infrastructure.

The customer must provide any changes to customer or premise information as soon as practicable. The electric utility may request confirmation of the Critical Load designation and the customer must timely confirm that a premise previously designated as Critical Load continues to qualify for that designation. The utility may request more information prior to implementing the Critical Load designation.

DESIGNATION OF A CRITICAL LOAD DOES NOT GUARANTEE AN UNINTERRUPTED SUPPLY OF ELECTRICITY.

It is the responsibility of the customer to make arrangements for alternative sources of electric power should a localized outage or significant load shed event occur.

UTILITY NAME: (LCRA) Lower Colorado River Authority

CUSTOMER CONTACT INFORMATION

Contact Name:

Nameless Hollow Council of Co-Owners

Contact Title:

Sylvia Warner

Mailing address (if different from Service Address):

18601 Jania Patrice Dr Pflugerville, TX 78660

Associa Hill Country c/o Nameless Hollow Council

Attn: Wendy Hardin

4009 Banister Lane #300 Austin TX 78704

Cell Number:	512-633-8336
E-Mail Address:	swarner1994@gmail.com & wendy.harden@associa.us

SERVICE ADDRESS
Customer Name associated with ESI-ID or Premise:
Nameless Hollow Council of Co-Owners
Street (if street address is unavailable, please provide latitude/longitude, any nearby roadway, and/or distance to the closest town)
23393 Nameless Rd
City
Leander
Zip Code
78641
Premise Identifier (e.g., ESIID, Premise Number, Account Number):
Acct # 3000340628 Service Location 5713961270

Describe equipment or premise served (e.g., production field, midstream processing plant, natural gas storage facility, gas compressor station saltwater disposal well or recycling facility, including the name of the generation unit(s) served by the infrastructure if known) and interdependencies (such as particular fields are tied to a particular midstream processing facility). Information regarding production rate (mcf/day) is also helpful: There is 2 booster pumps, 3 pressure tanks, 1 well pump, and disinfection equipment. This equipment serves a residential community of 70 units. Generator Max Power is 12500W. Generator brand & model = Westinghouse W6DN9500C
Average daily production rate served by this premise for the past 12 months:

- ☐ $\geq 1,000$ mcf/d
☐ $< 1,000$ mcf/d and ≥ 250 mcf/d
☒ < 250 mcf/d

Average daily Production
Rate is 9 KW

Describe any existing battery or backup capacity, or dual feed capability, including (1) the length of time the facility can operate without electricity from the electric utility and (2) the length of required time for start-up following a power outage:

- No backup capacity
- ① Facility can operate 48 hrs w/out electricity
- ② Start-up time is between 1 hr to 2 hrs

Name of retail electric provider or electric utility that bills the customer for service:

Pedernalas Electric Coop

ELECTRIC UTILITY CONTACT INFORMATION:
