**ORDER NO. 8
REQUIRING CLARIFICATION**

This Order addresses Commission Staff's November 1, 2021 recommendations on the transactions and the parties' November 15, 2021 joint motion to admit evidence and proposed order approving sale and transfer to proceed. The administrative law judge requires: (1) clarification regarding the dates of the last Texas Commission on Environmental Quality (TCEQ) compliance investigations for all three of Bandera East Utility, LP's public water systems at issue in this proceeding; and (2) clarification of proposed finding of fact number 39 in the proposed order approving sale and transfer to proceed, which states, "SJWTX had had violations of TCEQ standards. . . . SJWTX does not have any violations listed in the TCEQ database."

By December 17, 2021, Commission Staff must file clarification on the issues identified above and request the admission of additional evidence, if appropriate.

Signed at Austin, Texas the 7th day of December 2021.
