Dear Ms. Herrera and Mr. Harrison,

This is in reply to Dockett 52290 and the need to confirm and verify that the title Lone Oak Water Service, is indeed not a subdivision. This LOWS provides water only to a small group of mobile homes situated in an area in Erath County. Each mobile homeowner owns the land that the said mobile homes are located. I neither sell, rent, or maintain the mobile homes or lots they are located on. My only service is providing the water service to the customers who live in the mobile homes. The water well is located on a very small amount of land near the mobile home park. The name "Lone Oak" comes about because the area is located on Lone Oak Road.

Also, as a point of reference, my last name is STATON, not STANTON. Please correct in your documentation.

Please let me know if you need more Information. I am so hopeful this can be resolved soon. I appreciate all your efforts.

Highest regards,

Evan Staton
