RE: PUCT Project 52299 Submittal

To Whom it May Concern:

Hayter Engineering submits this document to serve as the Public Utility Commission of Texas's Project 52299 submission for the **City of Callisburg's** Water and Wastewater system. As per Senate Bill 3, 87th Legislature, Regular Session, the affected utility represented is submitting this document so that it may be filed and kept on record in the event of an emergency.

- The City of Callisburg qualifies as an affected utility because it is a retail public utility that
 - o Furnishes water service to more than one customer; and
 - o Is not in Fort Bend or Harris Counties
- The City of Callisburg is required to send this information to each of the following, for the purpose of filing and record keeping.
 - o The PUCT
 - o Each electric utility that provides transmission and distribution services to this entity
 - o Each retail electric provider that sells electric power to this entity
 - o The office of emergency management in Cooke County
 - o The division of emergency management of the governor
- Information required in this document is
 - o System name and associated names
 - o List of all water and sewer facilities that qualify for critical load status, including name, location, and description of utilities
 - o Emergency contact name/number
 - o Alternate contact name/number
 - o Affected Utility's mailing address

Required Information is listed below and is continued on the next page
