Alisha,

In case you do not already have this information, below is who you need to report the information to by November 1st.

Water Code Sec. 13.1396. COORDINATION OF EMERGENCY OPERATIONS

(c) Each affected utility shall submit to the [1] utility commission, [2] each electric utility that provides transmission and distribution service to the affected utility, [3] each retail electric provider that sells electric power to the affected utility, [4] the office of emergency management of each county in which the utility has water and wastewater facilities that qualify for critical load status under rules adopted by the utility commission, and [5] the division of emergency management of the governor:

(1) information identifying the location and providing a general description of all water and wastewater facilities that qualify for critical load status; and

(2) emergency contact information for the affected utility, including:

(A) the person who will serve as a point of contact and the person's telephone number;

(B) the person who will serve as an alternative point of contact and the person's telephone number;

and

(C) the affected utility's mailing address.
