Re: Project 52299
Style: COORDINATION OF EMERGENCY OPERATIONS PURSUANT TO TWC §13.1396(C)
Filing Party: Town of Pecos City

Dear Sir / Madam:

On behalf of the Town of Pecos City, Enprotec / Hibbs & Todd, Inc. is providing the revised coordination of emergency operations pursuant to TWC §13.1396(C). The previous Public Utility Commission filing (52299-771) incorrectly listed the County Emergency Management Coordinator name and email address. This revised letter replaces the previous filing.

The required information is provided as follows:

- Water Utility Name: Town of Pecos City
PWS ID: TX1950001
- Wastewater Utility Name: Town of Pecos City
- Location and general description of all critical load water and wastewater facilities:

The location and general description information along with additional details for each facility were provided to the electric utility that provides transmission and distribution service (TX-NM) and the retail electric provider that sells electric power to the utility (TXU); the critical load application for TX-NM is attached which contains the required information. The coordination emails are attached following the TX-NM critical load application.

All facilities are located in Reeves County.

- Emergency contact information:

The emergency contact information is found in the TX-NM application and includes a point of contact, alternate point of contact, and mailing address.

This letter is being sent to the Public Utility Commission, the County Emergency Management office in which the utility has water and wastewater facilities that qualify for critical load (Reeves County), and the Texas Department of Emergency Management (TDEM).

Please feel free to contact me with any questions or comments via telephone on my cell at (817) 694-8382, at the office at (325) 698-5560, via email at luci.dunn@e-ht.com, or in writing at the Abilene Office address.

Sincerely,

Enprotec / Hibbs and Todd, Inc.

A handwritten signature in black ink that reads "Luci Dunn".

Application for Critical Load Serving Electric Generation and Cogeneration

CRITICAL LOAD DESIGNATIONS ARE REVIEWED EACH YEAR APRIL 1 FOR SUMMER PEAK and OCTOBER 1 FOR WINTER PEAK

This Application should be completed in order to request the designation of Critical Load Serving Electric Generation and Cogeneration. A separate Application must be submitted to each electric utility provider. Do not include premises served by different electric utilities in a single Application. Multiple premises, served by a single electric utility, may be submitted with a single form, provided that the information requested below is provided for each metered location.

The designation shall only be requested for individual premises (meters) that provide electricity to natural gas production, saltwater disposal wells, processing, storage, or transportation such as a natural gas compressor station, gas control center, or other pipeline transportation infrastructure.

The customer must provide any changes to customer or premise information as soon as practicable. The electric utility may request confirmation of the Critical Load designation and the customer must timely confirm that a premise previously designated as Critical Load continues to qualify for that designation. The utility may request more information prior to implementing the Critical Load designation.

DESIGNATION OF A CRITICAL LOAD DOES NOT GUARANTEE AN UNINTERRUPTED SUPPLY OF ELECTRICITY.

It is the responsibility of the customer to make arrangements for alternative sources of electric power should a localized outage or significant load shed event occur.

UTILITY NAME: Town of Pecos City

CUSTOMER CONTACT INFORMATION
Contact Name: Primary: Donnie McKinney Alternate: Jose Luis Delgado
Contact Title: Primary: Public Works Director Alternate: Foreman
Mailing address (if different from Service Address): 115 W 3rd Street, Pecos, TX 79772

Work Number:**Primary & Alternate: 432-445-2421****Cell Number:****Primary: 432-448-1440; Alternate: 432-940-5356****E-Mail Address:****Primary: dmckinney@pecostx.gov; Alternate: jdelgado@pecostx.gov****SERVICE ADDRESS****Customer Name associated with ESI-ID or Premise:****Town of Pecos City****Street (if street address is unavailable, please provide latitude/longitude, any nearby roadway, and/or distance to the closest town)****See the attached table.****City****Pecos City****Zip Code****79772****Premise Identifier (e.g., ESID, Premise Number, Account Number):****See the attached table.**

Describe equipment or premise served (e.g., production field, midstream processing plant, natural gas storage facility, gas compressor station saltwater disposal well or recycling facility, including the name of the generation unit(s) served by the infrastructure if known) and interdependencies (such as particular fields are tied to a particular midstream processing facility). Information regarding *production rate* (mcf/day) is also helpful:

Average daily production rate served by this premise for the past 12 months:

- ☐ $\geq 1,000$ mcf/d
☐ $< 1,000$ mcf/d and ≥ 250 mcf/d
☐ < 250 mcf/d

Describe any existing battery or backup capacity, or dual feed capability, including (1) the length of time the facility can operate without electricity from the electric utility and (2) the length of required time for start-up following a power outage:

There are four newly-installed generators: one at the wastewater treatment plant (WWTP) headworks, one at the WWTP Lift Station, one at the Stafford Lift Station, and one at the water system Water Treatment Plant (aka Warehouse) Pump Station.

There is one portable generator that may be utilized at either the water system wastewater system.

Name of retail electric provider or electric utility that bills the customer for service:

TXU for all facilities

To whom it may concern,

On behalf of the Town of Pecos City, please see the attached TX-NM Critical Load Application Form for the Critical Load facilities within the TX-NM / TXU service area. All facilities are located in Reeves County. This email is provided to both TX-NM and TXU pursuant to TWC §13.1396(C).

Please let me or the Town of Pecos City know if there are any questions or if additional information is needed. Thank you,

Luci Dunn, PE
