Description of System:

The City of Nome supplies drinking water and sewer service to its customers. The water system consists of a surface water treatment plant including pumps, blowers, filtration, sedimentation basin, above ground storage tank, and chemical treatment system. The City of Nome also has a standpipe with communication located next to City park and fire house. The sewer system consists of five sewer lift stations, equalization basin with pumps, and the wastewater treatment plant.

Electric utility is Entergy of Texas – a request is made to qualify for critical load status for nine (9) facilities.
