Re: Critical Load Designation

To whom it may concern:

Corinth Water Supply Corp. has three potable water wells and two booster stations supplying drinking water to our rural community. These plants are located in Van Zandt County, Texas serving the communities of Oakland, Corinth, and East Center.

**#1 Well:** located at the Intersection of Farm to Market Road 1255 and Farm to Market Road 1652.

**#3 Well:** located at the intersection of Van Zandt County Road 1316 and Van Zandt County Road 1315.

**#4 Well:** located on Farm To Market Road 1652 four miles north of Farm To Market Road 1255.

**West Booster Station:** located on Van Zandt County Road 1308, approximately 1,100 feet south of the intersection of Farm To Market Road 1255 and Van Zandt County Road 1308.

**East Booster Station:** located on Van Zandt County Road 1316 approximately 900 feet North of Farm To Market Road 773.

[There is no Well #2]
