Project 52299

Public Utility Commission of Texas

Dear Sir or Ma'am

This letter is written in response to the PUCT Project 52299 and Sente Bill 3, 87<sup>th</sup> Legislature, Regular Session compliance Guidance-Texas Water Code (TWC) 13.1396.

The City of Gustine is a small municipality that currently operates the following facilities that qualify as an affected utility. They are as follows:

A water treatment plant located at 106 W. Lucy Bertram Gustine, Texas 76455. This location also includes our ground storage and pumpstation, along with a stationary diesel-powered generator.

A sewer plant located at 701 E. Main Gustine, TX 76455.

We have 1 well in town and 2 wells located just outside of town and to maintain their operation we have a trailer which carries our portable generator in case of emergency.

There are also 4 lift stations 1 on S. Leon Ave, 1 on N. Leon Ave, 1 on College Ave, and 1 on Chestnut St. Each of the stations serves as pumping stations for multiple households.

The emergency contacts as are follows:

Primary Contact

Ken Huey, Mayor  
Office: (325) 667-7933  
Cell: (325) 330-3426

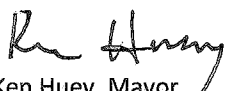

Secondary Contact:

Mack Thedford, Water & Sewer Operator  
Cell: (254) 842-7178

Mailing Address

City of Gustine  
P. O. Box 145  
Gustine, TX 76455

Sincerely,

Ken Huey, Mayor  
Cathy Shaw, Alderman  
Guadalupe Escamilla, Alderman  
Alan Luker, Alderman  
Clyde Glover, Alderman
