3205 Jones Road Sunset Valley, Texas 78745 (512)892-1383

Dear Sir or Madam,

Attached is the information regarding the City of Sunset Valley's critical infrastructure. The City of Sunset Valley has only one wastewater lift station and acts only to distribute water that is brought into the City of Sunset Valley from the City of Austin. A map is attached with the location of the lift station.

I started as the Public Works Director after November 1st and in working the City's Emergency Preparedness Plan I could not find a record that this particular information had been previously filed. If it has already been filed please disregard, if not I must apologize for the late reporting.

If you have any additional questions, please contact me at cmeredith@sunsetvalley.org.

Sincerely,

Carolyn Meredith
