To whom it may concern,

Union Grove Water Supply serves potable water to 1030 connections. Our distribution area starts 1 mile North of the city of Gladewater, TX and extends 7 miles North on US Highway 271 to our main pump station on Pacal Rd.

The system has Well #1 located at the main pump station on Pacal Rd. Going North on Pacal Rd. Well #2 is located on the East side of Pacal Rd. Continuing North on Pacal Rd. where Pacal intersects with US Highway 271, Well #5 is visible on the East side of US Highway 271. From the site of Well #5. Travel due East from Well # 5 on the gravel road and Well # 4 is located there. Going back to US Highway 271 travel North on US Highway 271 to Willet Road. Well # 3 is located 1,500 ft. down Willet Rd. on the East side of the road.

We are trying to obtain Critical status for the Public Utility Districts, Emergency Preparedness Plan and need Approval from Upshur Rural Electric Co-Op to obtain this status. If you could please review and assist us in this matter it would be appreciated.
