LIGHTNING RANCH RV PARK, LLC

818 FM1283, PIPE CREEK, TX 78063 (Physical address)

13044 CR192, Tyler, TX 75703 (Mailing Address)

Subject: Project 52299 “Critical Load Status”

To whom it may concern:

It has been determined that my water system is an “affected utility” and requires certain information to be filed with the Public Utilities Commission, the Electric Provider (Bandera Electric Co-op), the Bandera County Emergency Management Office and the Texas Division of Emergency Management.

Per the Utili-Facts brochure, the required information is listed below:

The water system name is Lightning Ranch RV Park, LLC. with PWS# 0100111. It is located at 818 FM1283, Pipe Creek, TX 78063.

The **critical load status** would be assigned to the Water Plant/Well located on the property. The water system currently operates one water well to serve the RV Park. The ground storage and treatment facilities are located adjacent to the well and is noted as “Water Plant #1”. These facilities operate off of the same electric circuit/meter in the park.

Emergency Contact for the water system is Brian E. Capps 903-521-8116, secondary emergency contact would be Robyn E. Capps 903-521-9309. The affected utilities mailing address is 13044 CR192, Tyler TX, 75703
