Spicewood, Tx. 78669
Email: DHCWSC@GMAIL.COM

Date: January 17, 2022

Subject: Public Utility Commission of Texas - Project 52299

Pursuant to Texas Senate Bill 3, 87th Legislature, as an “affected utility” that qualifies for critical load status, the Double Horn Creek Water Supply Corporation (DHCWSC) submits the following required information.

Utility Description

The Double Horn Creek Water Supply Corporation is a non-profit, member owned corporation that provides treated water to approximately 122 customers within its Certificate of Convenience and Necessity (CCN) area. The facilities include a water pumping and treatment plant, four wells and necessary interconnecting piping. The Corporation does not own any sewage facilities. All customers utilize private home/business septic systems.
