RE: PUCT Project 52299 Submittal

To Whom it May Concern:

Hayter Engineering submits this document to serve as the Public Utility Commission of Texas's Project 52299 submission for the Pattonville Water Supply Corporation's water system. As per Senate Bill 3, 87<sup>th</sup> Legislature, Regular Session, the affected utility represented is submitting this document so that it may be filed and kept on record in the event of an emergency.

- The Pattonville WSC system qualifies as an affected utility because it is a retail public utility that
  - o Furnishes water service to more than one customer; and
  - o Is not in Fort Bend or Harris Counties
- The Pattonville WSC is required to send this information to each of the following, for the purpose of filing and record keeping.
  - o The PUCT
  - o Each electric utility that provides transmission and distribution services to this entity
  - o Each retail electric provider that sells electric power to this entity
  - o The office of emergency management in Lamar County
  - o The division of emergency management of the governor
- Information required in this document is
  - o System name and associated names
  - o List of all water and sewer facilities that qualify for critical load status, including name, location, and description of utilities
  - o Emergency contact name/number
  - o Alternate contact name/number
  - o Affected Utility's mailing address

Required Information is listed below and is continued on the next page

System Name: Pattonville WSC

Additional Names: Pattonville Water Supply Corporation, TX1390011
