To Whom it May Concern,

Please find the attached Critical Load Spreadsheet in response to Texas Water Code (TWC) 13.1396 for BEU water facilities.

The listed sites qualify as critical load, and we are currently working with the Transmission and Distribution Utility (TDU) to obtain critical load status

If you have any questions concerning this matter, feel free to call our office. I can be reached at 830.249.4174

Respectfully Submitted,
