# SAN JACINTO SPECIAL UTILITY DISTRICT

70 CHURCH AVE  
COLDSPRING, TX 77331  
(936) 653-4384  
FAX (936) 653-5455

San Jacinto Special Utility District owns and operates three (3) active wells supplying water to 1,391 water connections serving 4,173 people. San Jacinto SUD is the primary water source for the area covered within the City of Coldspring. The wells that San Jacinto SUD operates are considered essential and are needing to be identified with a critical load status per Senate Bill 3 passed in 2021. Details of the facilities and points of contact are listed below. An additional diagram/map of the facility locations are attached.
