Dear Power Provider,

Lake Limestone Coves Water System, Inc. (LLCWS) is sending this letter, as mandated by the PUC of Texas, Project 52299, under Texas Senate Bill 3, of the Texas Water Code 13.1396, in order to identify ourselves as an "affected utility". LLCWS is a public water system to which you provide electric power and LLCWS provides potable water service to 425 residential customers. Listed below are the facilities that qualify for critical load status.

Lake Limestone Coves Water System PWS #1980020
