RE: Critical Load Status
CC: Hood County Office of Emergency Management
CC: Texas Division of Emergency Management

Acton Municipal Utility District is submitting the attached list of facilities that we feel qualify for critical load status. Our water ID is 1110007. Our wastewater identification numbers are (EPA) TX0105163 & TX0105155; (TCEQ) WQ0014211-001 & WQ0014212-001.

Our Electric providers are Oncor and United Cooperative Services. GEXA is our retail provider for Oncor. United Cooperative Services asked us to submit our critical load status forms by mail to the following address:

UCS
PO Box 290
Stephenville, TX 76401

We have done so. Oncor requested we provide a list of critical load infrastructure to criticalload@oncor.com and we have done so. GEXA stated they will retrieve the information from Oncor themselves and did not provide us with submittal instructions.
