CRITICAL INFRASTRUCTURE FILING

October 23, 2021

Westhaven Water Supply Corporation is a privately-owned water service utility with 145 connections that serves the residents of the Westhaven Subdivision only, located off FM 2673, near Cranes Mill, in Canyon Lake, Texas, 78133. Certificate of Convenience No. 12325; a location map is attached to this filing.

Westhaven Water SC has two wells which require electricity during an emergency.

Well 1 is located on West Outer Drive (just past 123 West Outer Drive), Westhaven Subdivision, Canyon Lake, TX, 78133.

Two buildings and three cement water storage tanks are located within a locked fence. The right-side building houses the well pump, with attached, separate, locked chlorination room, housing the 100-lb chlorine tank, which is reached through a locked door at the front of this building. The left side building houses two distribution pump motors with related electrical equipment and distribution pipes.

Well 2 is located at 139 Cliffwood Drive (beyond the "Y" intersection of Foothill Drive), Westhaven Subdivision, Canyon Lake, TX, 78133.

One building and three cement water storage tanks are located within a locked fence. The right-hand door houses the well pump, two distribution pump motors, with associated electrical equipment, pipes, and chlorination piping. The left-hand door houses the chlorination room, containing the 100-lb chlorine gas tank.
