The City of Clarendon
Public Water System ID: TX0650001
Waste Water Permit number: WQ010007001.

We are a purchased water system. We are supplied by Greenbelt Municipal and Industrial Water Authority. They own the pumps that deliver water to our system. We do not have any freshwater pumps or appurtenances that depend on electricity to perform.

We do own 2 wastewater lift stations that would be considered critical infrastructure. The East lift station referred to as #1 is located at Lat 34.939473 Long -100.88309 it is on the NW corner of the intersection of E White and N Goodnight streets in Clarendon, Texas.

The West lift station referred to as 2 is located at Lat 34.942984 Long -100.885643 it is on the NW corner of W Martindale and S Sully in Clarendon, Texas

Both are operated by 220V Single phase power. Power is supplied by American Electric Power our only local power company.
