Re: Project 52299
Style: COORDINATION OF EMERGENCY OPERATIONS PURSUANT TO TWC §13.1396(C)
Filing Party: City of Sterling City

Dear Sir / Madam:

On behalf of the City of Sterling City, Enprotec / Hibbs & Todd, Inc. is providing the coordination of emergency operations pursuant to TWC §13.1396(C). The required information is provided as follows:

- Water / Wastewater Utility Name: City of Sterling City
- Public Water System: City of Sterling City
PWS ID: TX2160001
- Municipal Wastewater System: City of Sterling City
- Location and general description of the facility of all critical load water and wastewater facilities:

The location and general description information along with additional details for each facility was previously provided to the electric utilities that provides transmission and distribution service (AEP and Concho Valley Electric Cooperative (CVEC)). TXU is the retail electric provider that sells electric power to the utility in the AEP service area.

Summary lists of the critical load water and wastewater facilities is provided on the following tables.

As noted above, the notification was previously provided to the electric utilities that provides transmission and distribution service (AEP and CVEC) and the electric utility retail provider (TXU in the AEP service area.) This letter is being sent to the Public Utility Commission, the County Emergency Management office in which the utility has water and wastewater facilities that qualify for critical load, and the Texas Department of Emergency Management (TDEM).

Please feel free to contact me with any questions or comments via telephone on my cell at (817) 694-8382, at the office at (325) 698-5560, via email at luci.dunn@e-ht.com, or in writing at the Abilene Office address.

Sincerely,

Enprotec / Hibbs and Todd, Inc.

A handwritten signature in black ink that reads "Luci Dunn".

AEP Texas Application for Critical Load Industrial or Critical Load Public Safety Designation

SEND COMPLETED FORM TO: CriticalLoadAEPTX@aep.com

This Application should be completed in order to request the designation of Critical Load Industrial Customer or Critical Load Public Safety Customer with AEP Texas, as defined below. The Application must be submitted to AEP Texas at the email address above. Do not include premises served by another utility in this Application.

Critical Load Public Safety Customer -- A customer for whom electric service is considered crucial for the protection or maintenance of public safety, including but not limited to hospitals, police stations, fire stations, and critical water and wastewater facilities.

Critical Load Industrial Customer – An industrial customer for whom an interruption or suspension of electric service will create a dangerous or life-threatening condition on the retail customer’s premises, is a “critical load industrial customer.”

Designation of Critical Load does not guarantee an uninterrupted supply of electricity. It is the responsibility of the customer to make arrangements for alternative sources of electric power should a localized outage or load shed event occur.

AEP Texas may request more information prior to implementing a designation.

APPLICATION FOR CRITICAL LOAD STATUS

IMPORTANT INFORMATION:

- This Application must be completed in order to request the designation of Critical Load status with Concho Valley Electric Cooperative, Inc. ("CVEC")
- Critical Load status includes designations for Public Safety, Industrial, and Natural Gas Infrastructure members as further described in Part 2.
- **CRITICAL LOAD STATUS DOES NOT GUARANTEE UNINTERRUPTED OR CONTINUOUS POWER SUPPLY WILL BE PROVIDED BY CVEC. IF UNINTERRUPTED CONTINUOUS ELECTRICITY IS A NECESSITY OR REQUIRED, YOU MUST MAKE OTHER ARRANGEMENTS FOR ON-SITE BACK-UP CAPABILITES OR OTHER ALTERNATIVES IN THE EVENT OF LOSS OF ELECTRIC SERVICE.**
- Designation of Critical Load status does not relieve a member of the obligation to pay for electric service and service may be disconnected for failure to pay.
- **This Application will not be processed if incomplete, illegible, or improperly submitted. All information is required, unless otherwise indicated.**
- **Submission of this Application does not automatically result in Critical Load status. CVEC reserves the right to deny a member's request for Critical Load status due to the needs and safety of CVEC's electric system.**
- Notification of the status granted or denied will be provided to the member at the mailing and email address provided.

INSTRUCTIONS:

Complete PAGE 2 and PAGE 3 of this application. Email, fax, or mail the completed for to CVEC at:
