**Re: Project 52299**  
**Style: COORDINATION OF EMERGENCY OPERATIONS PURSUANT TO TWC §13.1396(C)**  
**Filing Party: Possum Kingdom Water Supply Corporation**

Dear Sir / Madam:

On behalf of the Possum Kingdom Water Supply Corporation (WSC), Enprotec / Hibbs & Todd, Inc. is providing the coordination of emergency operations pursuant to TWC §13.1396(C). The required information is provided as follows:

- Water Utility Name: Possum Kingdom WSC  
PWS ID: TX1820076
- Location and general description of all critical load water facilities:

The location and general description information along with additional details for each facility were provided to the electric utilities that provide transmission and distribution service (AEP and United Electric Cooperative) and retail electric provider that sells electric power to the utility (TXU in the AEP service area); the critical load applications for AEP and the United Electric Cooperative facilities table are attached which contain the required information. The coordination verification emails are attached following the critical load application and table, respectively.

All facilities are located in Palo Pinto County.

- Emergency contact information:
  - Point of Contact  
Tom Labbe, General Manager  
Possum Kingdom WSC  
Office phone: 940-779-3100

## AEP Texas Application for Critical Load Industrial or Critical Load Public Safety Designation

---

### SEND COMPLETED FORM TO: CriticalLoadAEPTX@aep.com

This Application should be completed in order to request the designation of Critical Load Industrial Customer or Critical Load Public Safety Customer with AEP Texas, as defined below. The Application must be submitted to AEP Texas at the email address above. Do not include premises served by another utility in this Application.

Critical Load Public Safety Customer -- A customer for whom electric service is considered crucial for the protection or maintenance of public safety, including but not limited to hospitals, police stations, fire stations, and critical water and wastewater facilities.

Critical Load Industrial Customer – An industrial customer for whom an interruption or suspension of electric service will create a dangerous or life-threatening condition on the retail customer's premises, is a "critical load industrial customer."

**Designation of Critical Load does not guarantee an uninterrupted supply of electricity.** It is the responsibility of the customer to make arrangements for alternative sources of electric power should a localized outage or load shed event occur.

AEP Texas may request more information prior to implementing a designation.
