Re: O & B WSC TX0140020, PUC Project 52299, Senate Bill 3 Critical Load Designation

O & B Water Supply Corporation is a public water supply located in Bell County and Falls County. According to Senate Bill 3, we are required to file critical load status information to the Public Utility Commission of Texas, each electric utility that provides transmission and distribution services, each retail electric provider, division of emergency management of the governor and the office of emergency management of each county where our facilities qualify for critical load status.

Please see the attached document with the location and description of our facility.

Please send confirmation you have received this filing.

Should you have any questions or need more information please feel free to contact our office.

Thank you,

O & B Water Supply Corporation

Re: Critical Load Designation

To Whom It May Concern:

The accounts listed below are designated Critical Load by Heart of Texas Electric Cooperative O & B Water Supply:

O & B Water Supply
8177 FM 438
Troy TX 76579

Critical Load Status cannot guarantee an uninterrupted regular or continuous power supply. If electricity is a necessity, you must make other arrangements for on site back-up capabilities or other alternatives in the event of loss of service.

If you have questions or need further information, please let me know.

Sincerely

Ron Poston
Member Services Manager
Heart of Texas Electric
