RE: City of Amarillo Water and Wastewater Critical Load Facilities

Ladies and Gentlemen,

The City of Amarillo provides water and wastewater services to over 200,000 residents, businesses, and industries in the Panhandle of Texas. The City of Amarillo owns and operates one surface water treatment plant (Osage WTP), two major well fields with over 60 individual wells and two pump stations (Carson County and Potter County), six elevated storage tanks, four water distribution pump stations, one raw water reservoir and pump station, two wastewater reclamation facilities (River Road WRF and Hollywood Road WRF), and 51 sewage lift stations.

The attached tables list the facilities, provide physical addresses, and provide the electrical meter numbers for each of the facilities that the City of Amarillo classifies as essential critical load to provide basic water and wastewater service to its customers.

Emergency contact information for the City of Amarillo water and wastewater utility:

1. **Primary Point of Contact:** Jonathan Gresham, Director of Utilities, 806-378-4265
2. **Alternative Point of Contact:** Damen Ratliff, Assistant Director of Utilities, 806-378-5270

Utility Mailing Address:

City of Amarillo, 808 S. Buchanan Street, P.O. Box 1971, Amarillo, Texas 79105-1971

Sincerely,

Jonathan Gresham, P.E., C.P.M.
City of Amarillo
Director of Utilities
