Re: Project 52299 - Critical Load Facilities and Emergency Contact Information

For Whom it May Concern:

As an affected utility under the newly formed Section 13.1394 of the Texas Water Code, the San Jacinto River Authority (SJRA) Woodlands Division is submitting to you, "the utility commission", information regarding the water facilities that qualify for critical load status.

Following Section 13.1396(c) of the Texas Water Code, SJRA is submitting the following information:

- The general description and location of the water facilities that qualify for critical load status and
- the SJRA Woodlands' mailing address, emergency contact personnel, and an alternative emergency contact personnel.

The aforementioned information can be found in the attachments following this letter.

We look forward to continuing our partnership to ensure that our customers are able to continue to receive safe, clean water during emergencies. Should you require any additional information or have any questions please do not hesitate to contact us at (281) 367-9511 or via email at cmeeks@sjra.net.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Meeks", written over a horizontal line.
