Re: **Lower Colorado River Authority**  
**Critical Load Status Designation**  
*Project 52299 Coordination of Emergency Operations Pursuant to Tex. Water Code § 13.1396(c)*

To Whom It May Concern:

The Lower Colorado River Authority is an “affected utility” as defined in Tex. Water Code 13.1394. LCRA produces and delivers electric power, manages the lower Colorado River, provides a reliable water supply, manages a public parks system, and supports community development. Per the requirements of Tex. Water Code § 13.1396(c), we have attached a redacted table with the information required. We are providing an unredacted version for these facilities in a separate submission due to the confidential nature of information included in the detailed table.
