Re: Project 52299
Style: COORDINATION OF EMERGENCY OPERATIONS PURSUANT TO TWC §13.1396(C)
Filing Party: City of Roby

Dear Sir / Madam:

On behalf of the City of Roby, Enrotec / Hibbs & Todd, Inc. is providing the coordination of emergency operations pursuant to TWC §13.1396(C). The required information is provided as follows:

- Water Utility Name: City of Roby
PWS ID: TX0760001
- Wastewater Utility Name: City of Roby
- Location and general description of all critical load water and wastewater facilities:

The location and general description information along with additional details for each facility were provided to the electric utility that provides transmission and distribution service (AEP) and the retail electric provider that sells electric power to the utility (Direct Energy); the critical load application for AEP is attached which contains the required information. The coordination emails are attached following the AEP critical load application.

All facilities are located in Fisher County.

- Emergency contact information:
The emergency contact information is found in the AEP application and includes a point of contact, alternate point of contact, and mailing address.

This letter is being sent to the Public Utility Commission, the County Emergency Management office in which the utility has water and wastewater facilities that qualify for critical load (Fisher County), and the Texas Department of Emergency Management (TDEM).

AEP Texas Application for Critical Load Industrial or Critical Load Public Safety Designation

SEND COMPLETED FORM TO: CriticalLoadAEPTX@aep.com

This Application should be completed in order to request the designation of Critical Load Industrial Customer or Critical Load Public Safety Customer with AEP Texas, as defined below. The Application must be submitted to AEP Texas at the email address above. Do not include premises served by another utility in this Application.

Critical Load Public Safety Customer -- A customer for whom electric service is considered crucial for the protection or maintenance of public safety, including but not limited to hospitals, police stations, fire stations, and critical water and wastewater facilities.

Critical Load Industrial Customer – An industrial customer for whom an interruption or suspension of electric service will create a dangerous or life-threatening condition on the retail customer’s premises, is a “critical load industrial customer.”

Designation of Critical Load does not guarantee an uninterrupted supply of electricity. It is the responsibility of the customer to make arrangements for alternative sources of electric power should a localized outage or load shed event occur.

AEP Texas may request more information prior to implementing a designation.

Attachments: City of Roby AEPTX Critical Load Application Form.docx

To whom it may concern,

On behalf of the City of Roby, please see the attached AEPTX Critical Load Application Form for the Critical Load facilities within the AEPTX /Direct Energy service area. All facilities are located in Fisher County, Texas. This email is provided to both AEPTX and Direct Energy pursuant to TWC §13.1396(C). As requested by Direct Energy, the City of Roby account number is included; it is located on the AEPTX application at the bottom of the last page.

Please let me or the City of Roby know if there are any questions or if additional information is needed. Thank you,

Luci Dunn, PE
