Re: Project 52299
Style: COORDINATION OF EMERGENCY OPERATIONS PURSUANT TO TWC §13.1396(C)
Filing Party: City of Stamford

Dear Sir / Madam:

On behalf of the City of Stamford, Enprotec / Hibbs & Todd, Inc. is providing the coordination of emergency operations pursuant to TWC §13.1396(C). The required information is provided as follows:

- Water Utility Name: City of Stamford
PWS ID: TX1270003
- Wastewater Utility Name: City of Stamford
- Location and general description of all critical load water and wastewater facilities:

The location and general description information along with additional details for each facility were provided to the electric utility that provides transmission and distribution service (AEP) and the retail electric provider that sells electric power to the utility (TXU); the critical load application for AEP is attached which contains the required information. The coordination emails are attached following the AEP critical load application.

All facilities are located in Jones County and Haskell County.

- Emergency contact information:
The emergency contact information is found in the AEP application (primary contact and mailing address) and the alternate contact information is found in the AEP and TXU emails.

This letter is being sent to the Public Utility Commission, the County Emergency Management offices in which the utility has water and wastewater facilities that qualify for critical load (Jones County and Haskell County), and the Texas Department of Emergency Management (TDEM).

AEP Texas Application for Critical Load Industrial or Critical Load Public Safety Designation

SEND COMPLETED FORM TO: CriticalLoadAEPTX@aep.com

This Application should be completed in order to request the designation of Critical Load Industrial Customer or Critical Load Public Safety Customer with AEP Texas, as defined below. The Application must be submitted to AEP Texas at the email address above. Do not include premises served by another utility in this Application.

Critical Load Public Safety Customer -- A customer for whom electric service is considered crucial for the protection or maintenance of public safety, including but not limited to hospitals, police stations, fire stations, and critical water and wastewater facilities.

Critical Load Industrial Customer – An industrial customer for whom an interruption or suspension of electric service will create a dangerous or life-threatening condition on the retail customer's premises, is a "critical load industrial customer."

Designation of Critical Load does not guarantee an uninterrupted supply of electricity. It is the responsibility of the customer to make arrangements for alternative sources of electric power should a localized outage or load shed event occur.

AEP Texas may request more information prior to implementing a designation.

Thank you for getting back to me. I filled out the contact info on the form. I have attached that form and attached the ESI spreadsheet again as well. A second point of contact would be Alan Plumlee, our City Manager. Office phone is 325-773-2591, Cell phone is 325-669-8545 and his email is alan.plumlee@stamfordtx.net. Let me know if you need anything further. Thank you!

Thanks Kim for the info. You can fill out the form and email it back to me. This is just for our files and provides us contact info in case we have questions.

Thanks
Greg

Alan,
Attached is the form we discussed yesterday. A form isn't needed for each account. If you could provide a spreadsheet with the information (ESID or meter number) it would be very helpful. Let me know if you have any questions.

Thanks

EXTERNAL EMAIL

Good Morning!

I am looking for the email address of the person that would need this information. I have sent the information to AEP but was informed that I also needed to send to TXU by November 1, 2021. Would you be the contact person or can you send me in the correct direction? Thank you for your timely response.
