Re: Senate Bill 3 Requirements
Critical Load Status
WQ0011833-001
PWS 0920020
Gregg County, Texas

To whom it may concern:

Pursuant to Senate Bill 3, the new law requiring the development and implementation of emergency preparedness plans, we are required to notify our electrical provider which is AEP-SWEPCO and inform them that our wastewater treatment qualifies for critical load status. We also are required to file with each transmission and distribution service provider, each retail electric provider, and the office of emergency management for Gregg County.

Liberty-Danville FWSD No.2 purchases drinking water from the City of Kilgore - PWS 0920003
