Austin, Texas 78711-3326

**Subject: Notification of Critical Facilities (Texas Water Code Sec. 13.1396(c))**

Dear Public Utility Commission of Texas,

In accordance with the requirements as stated in the Texas Water Code Section 13.1396(c), Lucas Waterworks, functioning as an affected utility as defined in Section 13.1395(a)(1) of the Texas Water Code and operating as a division of the City of Lucas, reports the following facilities as qualifying for critical load status:

**1. McGarity Pump Station:**

**Facility Type:** Water intake, storage and distribution facility.

**Location:** 2295 McGarity Ln, Lucas, TX 75002

**General Description:** Drinking water intake and storage facility consisting of an intake from North Texas Municipal Water District (NTMWD) and two ground storage tanks of 500,000 gallons and 750,000 gallons for an overall capacity of 1,250,000 gallons. This facility serves as one of two intake locations for source water into Lucas Waterworks.

**Transmission Utility:** Oncor Electric Delivery

**Retail Utility:** Oncor Electric Delivery

**2. North Pump Station:**

**Facility Type:** Water intake, storage and distribution facility.

**Location:** 925 Country Club Rd, Lucas, TX 75002

**General Description:** Drinking water intake and storage facility consisting of an intake from North Texas Municipal Water District (NTMWD) and two ground storage tanks of 200,000 gallons and 350,000 gallons for an overall capacity of 550,000 gallons. This facility serves as one of two intake locations for source water into Lucas Waterworks.

**Transmission Utility:** Grayson-Collin Electric Cooperative (GCEC)

**Retail Utility:** Grayson-Collin Electric Cooperative (GCEC)

The following persons serve as point of contact and alternative point of contact as required by Section 13.1396(c)(2):
