Re: City of Irving (Public Water System ID: 570050) - Critical Load Status Request
(Project 52299)

Dear PUCT:

By November 1, 2021, entities that meet the definition of "affected utilities" under TWC §13.1394 must file specific information with the Public Utility Commission of Texas (PUCT) in Project 52299. This information must also be filed with each transmission and distribution service provider, each retail electric provider, and the office of emergency management of each county where the utility has water or sewer facilities that qualify for critical load status.

Pursuant to this requirement, the City of Irving is requesting that the PUCT file the information included in the attachments in Central Records, Project 52299.

If you have any further questions or concerns regarding this request from the City of Irving, I can be reached at (972) 721-3538.

Sincerely,

Steven M. Pettit, P.E.
Assistant Water Utilities Director

Re: City of Irving (Public Water System ID: 570050) - Critical Load Status Locations

Dear Ms. Hobbs:

By November 1, 2021, entities that meet the definition of “affected utilities” under TWC §13.1394 must file specific information with the Public Utility Commission of Texas (PUCT) in Project 52299. This information must also be filed with each transmission and distribution service provider, each retail electric provider, and the office of emergency management of each county where the utility has water or sewer facilities that qualify for critical load status.

Pursuant to this requirement, the City of Irving is requesting critical load status for the ESI ID numbers identified on the attached exhibit.

If you have any further questions or concerns regarding this request from the City of Irving, I can be reached at (972) 721-3538.

Sincerely,

Steven M. Pettit, P.E.
Assistant Water Utilities Director

Mr. Colton Whisenhunt
Manager of Member Services
Fannin County Electric Cooperative
1530 Silo Rd.
Bonham, TX 75418

Re: City of Irving (Public Water System ID: 570050) - Critical Load Status Accounts

Dear Mr. Whisenhunt:

By November 1, 2021, entities that meet the definition of “affected utilities” under TWC §13.1394 must file specific information with the Public Utility Commission of Texas (PUCT) in Project 52299. This information must also be filed with each transmission and distribution service provider, each retail electric provider, and the office of emergency management of each county where the utility has water or sewer facilities that qualify for critical load status.

Pursuant to this requirement, the City of Irving is requesting critical load status for the accounts identified on the attached exhibit.

If you have any further questions or concerns regarding this request from the City of Irving, I can be reached at (972) 721-3538.

Sincerely,

Steven M. Pettit, P.E.
Assistant Water Utilities Director
