Re: Project 52299
Style: COORDINATION OF EMERGENCY OPERATIONS PURSUANT TO TWC §13.1396(C)
Filing Party: City of Roma

Dear Sir / Madam:

The City of Roma is providing the coordination of emergency operations pursuant to TWC §13.1396(C). The required information is provided as follows:

- Water / Wastewater Utility Name: City of Roma
- Public Water System: City of Roma
PWS ID: TX2140007
- Wastewater System: City of Roma
- Location and general description of the facility of all critical load water and sewer facilities:

The location and general description information along with additional details for each facility were provided to the electric utilities that provide transmission and distribution service (AEP and Medina Electric Cooperative (Medina)) and retail electric provider that sells electric power to the utility (Frontier in the AEP service area); the critical load application for AEP and the email to Medina are attached which contains the required information.

All facilities are in Starr County.

CITY COUNCIL

JAIME ESCOBAR, JR., *Mayor*
GABY RODRIGUEZ, *Councilwoman*
JOSE G. CANTU, JR., *Councilman*
GILBERTO RAMIREZ, JR., *Councilman*
JOEL HINOJOSA, JR., *Councilman*

Emergency contact information:

- Point of Contact: Alfredo Garza
Cell phone: (956) 437-0841
Email: agarzajr@cityofroma.net
- Alternate Point of Contact: Alejandro Barrera
Cell phone: (956) 286-7892
Email: abarrera@cityofroma.net
- Mailing Address:
City of Roma
PO Box 947
Roma, Texas 78584

This letter is being sent to the Public Utility Commission, the Starr County Emergency Management office in which the utility has water and wastewater facilities that qualify for critical load, and the Texas Department of Emergency Management (TDEM).

Please feel free to contact me with any questions or comments.

Sincerely,

Fabiola Rodriguez

Gas Supervisor/ Public Works Office Manager

AEP Texas Application for Critical Load Industrial or Critical Load Public Safety Designation

SEND COMPLETED FORM TO: CriticalLoadAEPTX@aep.com

This Application should be completed in order to request the designation of Critical Load Industrial Customer or Critical Load Public Safety Customer with AEP Texas, as defined below. The Application must be submitted to AEP Texas at the email address above. Do not include premises served by another utility in this Application.

Critical Load Public Safety Customer -- A customer for whom electric service is considered crucial for the protection or maintenance of public safety, including but not limited to hospitals, police stations, fire stations, and critical water and wastewater facilities.

Critical Load Industrial Customer – An industrial customer for whom an interruption or suspension of electric service will create a dangerous or life-threatening condition on the retail customer's premises, is a "critical load industrial customer."

Designation of Critical Load does not guarantee an uninterrupted supply of electricity. It is the responsibility of the customer to make arrangements for alternative sources of electric power should a localized outage or load shed event occur.

AEP Texas may request more information prior to implementing a designation.
