TRINITY VALLEY ELECTRIC COOPERATIVE

Application for Critical Load Designation

This application should be completed to request designation as an account serving a critical load for public safety, critical infrastructure or electric generation.

Multiple premises may be submitted on a single form, provided that the information requested below is provided for each metered location.

This form applies only to TVEC accounts. A separate application must be submitted to each electric utility provider. TVEC may request additional information prior to implementing the critical load designation.

The member must provide any changes to customer or premise information as soon as is practicable. TVEC may request confirmation of the critical load designation and the customer must timely confirm that a premise previously designated as critical load continues to qualify for that designation.

**DESIGNATION OF A CRITICAL LOAD DOES NOT GUARANTEE
AN UNINTERRUPTED SUPPLY OF ELECTRICITY**

It is the responsibility of the customer to make arrangements for alternative sources of electric power should a localized outage or significant load shed event occur.

Contact Information

Contact Name: Nanci Essary Title: General Manager

Business Name or Name On Account: Rose Hill Special Utility District

TVEC Account Number: 71882001 and 71882005

Street Address: (If street address is unavailable; provide latitude/Longitude, nearby roadway or other identifiers)

(1) 6918 FM 2578 Terrell 75160 and (2) 4245 FM 987 Kaufman 75142

City: Terrell and Kaufman (see above) Zip Code 75160 & 75142

Contact Phone: 972-932-3077 Email Address: rhsudgm@rhsud.com

Application for Critical Load Designation

Check the appropriate designation

- Medical Facility (Hospital, Emergency Room, Assisted Living Facility)
- Public Safety / Law Enforcement
- Public Safety / Fire Department or First Responder Facility
- Petroleum Pipeline or Facility
- Natural Gas Pipeline or Facility
- Public Utilities (Water Department, Wastewater Facilities, Telephone Communications)

Describe equipment or premise served:

- (1) 6918 FM 2578 - Water Storage Facility - Pump Station
- (2) 4245 FM 987 - Water Storage Facility - Elevated Tower

Does this facility serve electrical generation facilities?

No

Describe any existing electricity backup capability at this facility, including (1) the length of time the facility can operate without electricity from the utility and (2) the length of required time for start-up following a power outage:

- 6918 FM 2578 = (1) 30 hours with constant load; 3-4 days under normal operating load; (2) 1 minute
- 4245 FM 987 = (1) 168 hours with constant load; 7-10 days under normal operating load; (2) 15 seconds

Return this form and supporting documentation to memberrelations@tvec.coop or fax to (972) 932-6466.
