DOCKET NO. 52309

APPLICATION OF THE CITY OF	§	PUBLIC UTILITY COMMISSION
COPPERAS COVE TO AMEND ITS	§	
CERTIFICATE OF CONVENIENCE	§	OF TEXAS
AND NECESSITY IN CORYELL AND	§	
BELL COUNTIES	§	

**COMMISSION STAFF’S RECOMMENDATION ON ADMINISTRATIVE
COMPLETENESS AND NOTICE AND PROPOSED PROCEDURAL SCHEDULE**

On July 9, 2021, the City of Copperas Cove (Copperas Cove) filed an application to amend its certificate of convenience and necessity (CCN) in Coryell and Bell counties. Copperas Cove holds water CCN No. 10449. The requested service area consists of approximately 673 acres, 36 existing connections, and no proposed connections. Copperas Cove filed supplemental information on July 19, 2021.

On July 13, 2021, the administrative law judge (ALJ) filed Order No. 1, establishing a deadline of August 9, 2021 for the Staff of the Public Utility Commission of Texas (Staff) to file comments on the administrative completeness of the application and proposed notice and to propose a procedural schedule for the further processing of this docket. Therefore, this pleading is timely filed.

I. ADMINISTRATIVE COMPLETENESS

Staff has reviewed the application and supplemental information and, as detailed in the attached memoranda from Patricia Garcia, Infrastructure Division, and Fred Bednarski, III, Rate Regulation Division, recommends that the application is administratively complete. Staff’s recommendation on administrative completeness is not a comment on the merits of the application.

II. NOTICE

At this time, Staff recommends that Copperas Cove proceed with providing public notice to all landowners, neighboring utilities, political subdivisions, and other persons listed in the attached memorandum using the notice form provided by Ms. Garcia. Along with each individual notice, Staff recommends that Copperas Cove provide an accurate map delineating the requested service area. Staff further recommends that Copperas Cove publish notice of the application for two consecutive weeks in newspapers of general circulation in Coryell and Bell counties.

Once notice has been provided, Staff recommends that Copperas Cove file proof of notice as described in the attached memorandum, including an affidavit specifying the name and address of every person and entity to whom notice was provided, the date that the notice was provided, and a copy of the map provided with the notice. Copperas Cove should also provide a completed publisher's affidavit and a copy of the newspaper tear sheets demonstrating publication. Finally, Staff recommends that Copperas Cove use the attached notices and affidavits to meet these requirements.

III. PROCEDURAL SCHEDULE

Staff recommends the application be found administratively complete. Staff therefore proposes the following procedural schedule:

Event	Date
Deadline for Copperas Cove to file with the Commission signed affidavits that the notice was given along with a copy of the notice and map sent to the affected parties and published in a newspaper of general circulation	September 23, 2021
Deadline for Staff to file a recommendation on sufficiency of notice	October 4, 2021
Deadline to intervene	30 days after notice is issued

IV. CONCLUSION

For the reasons detailed above, Staff recommends that the application be found administratively complete, that Copperas Cove be directed to provide notice as described in Ms. Garcia's attached memorandum, and that the proposed procedural schedule be adopted. Staff respectfully requests the entry of an order consistent with these recommendations.

Dated: August 9, 2021

Respectfully submitted,

DATE: August 9, 2021

RE: Docket No. 52309 – *Application of the City of Copperas Cove to Amend its Certificate of Convenience and Necessity in Coryell and Bell Counties*

On July 9, 2021, the City of Copperas Cove (Copperas Cove) filed with the Public Utility Commission of Texas (Commission) an application to amend its water certificate of convenience and necessity (CCN) No. 10449 in Bell and Coryell Counties, Texas under Texas Water Code (TWC) §§ 13.242 to 13.250 and 16 Texas Administrative Code (TAC) §§ 24.225 to 24.237. The requested area includes 36 customer connections and approximately 673 acres, comprised of 673 acres of uncertificated area.

The application proposes the addition of approximately 673 acres to CCN No. 10449.

The initial application indicated that the total acreage being requested was approximately 711 acres. Based on the mapping review by Gary Horton, Infrastructure Division, and in coordination with the Copperas Cove (see filing of supplemental mapping on July 19, 2021) it was determined that the requested area is approximately 673 acres.

Based on the mapping review by Mr. Horton, the maps submitted on July 19, 2021 are sufficient. Based on my technical and managerial review of the information filed by Copperas Cove, I recommend that the application be deemed administratively complete. I further recommend that Copperas Cove be ordered to do the following:

- 1) Provide notice of the application by first-class mail to the following:
 - a. Cities, districts, and neighboring retail public utilities providing the same utility service whose corporate boundaries or certificated service area are located within two miles from the outer boundary of the requested area:
 - *Brazos River Authority*
 - *Kempner WSC (CCN No. 10456)*
 - *Lower Colorado River Authority*

- *Topsey WSC (CCN No. 10454)*
- b. The county judge of each county that is wholly or partially included in the requested area:
 - *Bell County Judge*
 - *Coryell County Judge*
 - c. Each groundwater conservation district that is wholly or partially included in the requested area:
 - *Clearwater Underground Water Conservation District*
 - *Middle Trinity Groundwater Conservation District*
 - d. Each landowner of a tract of land that is at least 25 acres and is wholly or partly located in the requested area. Notice must be mailed to the owner of the tract of land according to the most current tax appraisal rolls of the applicable central appraisal district at the time the application was filed.
 - e. Any affected customers, and other affected parties in the requested area.

Addresses can be obtained by Copperas Cove from the Water Utility Database at <http://www.puc.texas.gov/watersearch>. District information and addresses can be obtained from the Texas Commission on Environmental Quality's (TCEQ) web site located at <http://www14.tceq.texas.gov/iwud/>.

- 2) Publish notice once each week for two consecutive weeks in a newspaper having general circulation in each county where the requested area is located. Proof in the form of a publisher's affidavit must be filed within 30 days of the publication date. The affidavit must state with specificity each county in which the newspaper is of general circulation. Within 30 days of the date the notice was mailed, Copperas Cove must file an affidavit specifying the notice that was provided to every person and entity to whom notice was provided and the date the notice was mailed.
- 3) Provide notice using the attached notice forms.
- 4) Provide a copy of the map(s) deemed sufficient during administrative review delineating the requested area with each individual notice to neighboring utilities, other affected parties, landowners and customers.
- 5) File in the docket a copy of notice and the map(s) deemed sufficient during administrative review along with the signed affidavit specifying every person and entity to whom notice was provided, the date that the notice was provided, and the publisher's affidavit and tear sheets for proof of newspaper publication.

Staff may determine that additional information is needed to make a final recommendation in this docket. If additional information is needed, Staff may send requests for information (RFI) to Copperas Cove. Copperas Cove will have 20 days from the receipt of the RFI to respond.
