Re: Docket No. 52317, Response to Order No. 2

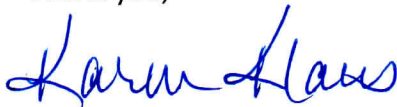

To Whom It May Concern,

We have reviewed the Commission's Recommendations filed today. The memorandums indicate many items missing from the application – tariffs, purchase agreement, affidavits, and proof of funding sources. These completed documents were provided along with the application that was filed. I will contact Mr. Moore to see if those documents were lost.

We are unsure why K & K Water has anything to do with the purchase of Bastrop West. We are simply wanting to change the ownership from the Clardy's to the Klaus's. Why is information and documentation needed from K & K Water? I have reviewed the application again and there is no mention of transferring Bastrop West to K & K.

We will contact Mr. Moore so that he can hopefully clarify what information is really needed and provide us with direction. We will update the answers to application with the other identified deficiencies as soon as possible.

Thank you,

Karen Klaus
