RE: Docket No. 52340 - *Application of Lone Star Water Company for a Class D Rate Adjustment*

Dear Mr. Kauffman,

On July 22, 2021, Lone Star Water Company (Lone Star) filed an application for a Class D rate adjustment for its Certificate of Convenience and Necessity (CCN) number 13279 with the Public Utility Commission of Texas (Commission). For Commission Staff (Staff) to make a complete review of the application, Staff requests additional information. Specifically, Staff requests that Lone Star submit information to address the following:

1. The "previous minimum monthly charge" and the "new minimum monthly charge" amounts are correct in the application and the notice. However, neither the application nor the notice shows decimal points in these amounts. Please amend the application and the notice to include decimal points in the proper place.
2. The notice does not include a "date notice delivered" or a "date meters are read." Please amend the notice to include these dates.
3. The phone number on the application does not match the phone number on the tariff. Please advise.

Please do not implement the rate increase or provide notice of the rate increase to your customers until the Commission indicates that your application has been approved.

In order to ensure timely review of your application, please file the additional information requested above no later than 10 business days from the date this letter was filed on the Commission's Interchange. If you have any questions, please contact me at (512) 936-7228 or email me at scott.miles@puc.texas.gov. Please do not email the additional information directly to me.

Sincerely,

/s/ Scott Miles

Scott Miles
