Verification of Load Serving Entity "ATG" Exposure Amount

ATG Clean Energy Holdings, Inc. ("ATG") was a load serving entity during Winter Storm Uri. The company operated with PUCT Certificate 10263 and operated DBA Green Energy Exchange and DBA ATG Clean Energy. ATG, a load serving entity, has reviewed the calculation of total exposure adjusted for ATG for its load ratio share(s) in accordance with the methodology set forth in Attachment C of the Settlement Agreement filed in Docket 52322.

ATG has reviewed the calculations performed by ERCOT and has verified the accuracy of ERCOT's calculations.

As requested, ATG makes this timely verification of ERCOT's calculations.

Respectfully submitted,

Patrick Woodson
