VERIFICATION OF EXPOSURE OF ELECTRANET POWER, LLC

Electranet Power, LLC ("Electranet") files this verification of the calculations of exposure contained in ERCOT's Calculation of Load Ratio Share and Total Exposure for Load Servicing Entities. On October 13, 2021, the Public Utility Commission of Texas ("PUCT" or "Commission") entered a Debt Obligation Order in Docket No. 52322 to implement Subchapter N of Chapter 39 of the Public Utility Regulatory Act ("PURA"). Among other things, the Debt Obligation Order established a deadline for each load serving entity ("LSE") to verify the total exposure calculations of the LSE filed by ERCOT in this docket on or before the 70<sup>th</sup> day after entry of the Debt Obligation Order, which is December 22, 2021. This verification is timely filed.

Attached is the affidavit of Corey Amthor, President of Electranet Power, LLC, which holds REP Certificate No. 10231 in Texas, verifying that the total exposure calculations for Electranet filed by ERCOT is correct.

Respectfully submitted
