To: Public Utility Commission Committee

I'm concerned that y'all think this proposed increase is fair and just. Would you want your rate increased to this degree?

If the folks on this committee are this silly to even think this is ok- what kind of people are they in their daily lives?

Furthermore, it kind of insults our intelligence to think that we would be ok with this outrageous increase.

Everyone expects a small increase from time to time... but this is not even the way to do it. "Sock it to em this time, maybe they won't notice." Shame on you!
