APPLICATION OF EAST HOUSTON UTILITIES INC. FOR AUTHORITY TO CHANGE RATES § **PUBLIC UTILITY COMMISSION**
§
§ **OF TEXAS**

PRELIMINARY ORDER

East Houston Utilities, Inc. filed an application for authority to change its rates. This preliminary order identifies the issues that must be addressed in this proceeding.

East Houston is applying under Texas Water Code (TWC) §§ 13.1871 and 13.1872(c)(2) to change its water rates based on a test year ending on December 31, 2020. East Houston provides water service to approximately 23 active connections in Liberty County under certificate of convenience and necessity (CCN) number 12042. The last rate change for this water system was approved on August 11, 1987. East Houston is seeking a \$52,891.00 increase in annual revenues. The proposed rate change will increase the monthly bill of a residential customer with a 5/8" meter who uses 5,000 gallons from \$27 to \$215.

East Houston filed its application on July 29, 2021. In Order No. 8 filed on May 3, 2022, the Commission administrative law judge (ALJ) found East Houston's application administratively complete and required revised notice.

The following individuals have been granted intervention in this proceeding Gary Lechner, Lauren Hood, and Wesley Francis.¹

On June 2, 2022, East Houston was directed, and Commission Staff and other interested persons were allowed, to file a list of issues to be addressed in the docket and also identify any issues not to be addressed and any threshold legal or policy issues that should be addressed by June 20, 2022. East Houston and Commission Staff timely filed a list of issues.
